

30kW Mobile Energy Storage Container for Oil Refineries

Overview

How H30 can be programmed to meet the energy demand?

Additionally, H30 could be programmed to discharge and meet the energy demand on project basis, designed for small businesses. The most special design for this system is the plug & play battery module installation, which makes the installation process easier. Max. AC Input Power Max. Charging/Discharging Current.

Where can a portable power container be used?

The MOBIPOWER portable power container can be used virtually anywhere on the planet and will produce and store all the power you will need.

Can alphaess provide a large scale energy storage cabinet?

Max. Charging/Discharging Current AlphaESS is able to provide large scale energy storage cabinet solutions that are stable and flexible for the requirements of all our customer demands. Click to learn more about AlphaESS power storage device price now!
