

Battery cabinet powder sprayer

Overview

Should you buy a battery-powered paint sprayer?

Whether refreshing furniture, repainting walls, or coating a fence, a high-quality battery-powered paint sprayer can save time and deliver a flawless finish. Unlike traditional models, today's electric cordless paint sprayers offer powerful atomization and even coverage without the hassle of tangled hoses or constant plugging and unplugging.

How many batteries does a paint sprayer have?

☐Cordless Paint Sprayer with Battery☐: Paint sprayer cordless is equipped with two 18V 5500 mAh large-capacity batteries. Two rechargeable batteries can support you to work continuously for about 40 minutes, which can meet the needs of most of your spraying projects.

What is a cordless paint sprayer?

Powered by a pure copper core motor, this handheld cordless paint sprayer provides a muscular 200W performance that outshines cheaper aluminum motors. The faster heat dissipation guarantees it runs cool all day without burning out, an ideal option for spraying thicker paints and stains on furniture, fences, or cabinets.
