

# Battery of the site

## Overview

---

The area was originally occupied by the Native Americans. Dutch settlers populated the area as part of the settlement of in the early 17th century. The Dutch referred to the southern tip of Manhattan as "Capske Hook" or "Capsie Hoek", the term coming from the Lenape word "Kapsee", meaning "rocky ledge". Capske Hook was originally a narrow, hilly ledge that extended.

Where can I find information about Battery Park?

Battery Pl, State St and Whitehall St For additional park information, please visit the Battery Conservancy website. For more than 200 years, The Battery has been an invaluable part of New York City's history. In 1855, Castle Garden, situated inside the Park, became the world's first immigrant depot.

Where is Battery Park in New York City?

The Battery, formerly known as Battery Park, is a 25-acre (10 ha) public park located at the southern tip of Manhattan Island in New York City facing New York Harbor. The park is bounded by Battery Place on the north, with Bowling Green to the northeast, State Street on the east, New York Harbor to the south, and the Hudson River to the west.

Why is Battery Park called Battery Park City?

Battery Park City, proposed in 1966, was named after the park. Battery Park contains the Battery Bikeway, a component piece of the Manhattan Waterfront Greenway, a system of parks, bikeways, and promenades around Manhattan Island.

How was Battery Park created?

The relatively modern Battery Park was mostly created by landfill as part of Lower Manhattan expansion starting from 1855, using earth from street-widening projects in Lower Manhattan which united Castle Garden's island with the "mainland" of Manhattan.
