

Benin New Energy solar Panel Manufacturer

Overview

AXIAN Energy, the energy arm of the Pan-African AXIAN Group led by Malagasy businessman Hassanein Hiridjee, has partnered with Sika Capital to launch a \$53 million solar power project in Benin.

AXIAN Energy, the energy arm of the Pan-African AXIAN Group led by Malagasy businessman Hassanein Hiridjee, has partnered with Sika Capital to launch a \$53 million solar power project in Benin.

AXIAN Energy together with its partner SIKA Capital, plan to build four solar power plants in Benin located in Bohicon, Parakou, Djougou and Natitingou. With a total capacity of 50 MW, the plants will supply clean electricity to the equivalent of 50,000 households, directly contributing to Benin's.

In significant Benin energy news, the country is boosting its solar capacity with four new utility-scale photovoltaic (PV) plants. This initiative is a key part of a broader national strategy to diversify energy sources, increase the share of renewables, and transition toward a cleaner future. For.

AXIAN Energy partners with Sika Capital on a \$53 million solar project to power 50,000 homes in Benin. AXIAN Energy, the energy arm of the Pan-African AXIAN Group led by Malagasy businessman Hassanein Hiridjee, has partnered with Sika Capital to launch a \$53 million solar power project in Benin.

Key Figures & Findings: Pan-African developer Axian Energy, headquartered in Madagascar, has partnered with Sika Capital a Beninese investment firm focused on infrastructure and energy ventures, to deliver Benin's first renewable-focused independent power producer (IPP) project. The agreement.

Benin is moving forward with a major renewable energy initiative through a partnership between Axian Energy, a pan-African developer, and Sika Capital Bénin. The two companies have announced the launch of a project to construct four solar power plants with a combined capacity of 50 megawatts.

Pan-African renewable energy developer Axian Energy has partnered with Sika Capital to roll out a major solar initiative in Benin that will see the construction of four solar power plants across the country. The project, valued at US \$42.7M, is

designed to add 50 MWac of installed capacity to.
