

Boston rooftop solar panels

Overview

Solar arrays in Boston cost roughly \$4,060 per kilowatt, with an average size of 4.4 kilowatts. A personalized estimate from a local solar provider will include costs for labor, preliminary work, and permit fees, and will account for your system's capacity, size, and panel.

Solar arrays in Boston cost roughly \$4,060 per kilowatt, with an average size of 4.4 kilowatts. A personalized estimate from a local solar provider will include costs for labor, preliminary work, and permit fees, and will account for your system's capacity, size, and panel.

Every year, more Boston residents install rooftop solar panels to provide a dependable source of power and add value to their property. Solar power can cut your energy costs and shrink your carbon footprint. However, it's important to hire a trustworthy solar installer. That's why we've analyzed.
