Overview

FDI-backed Jets Sdn Bhd has launched what it bills as Southeast Asia's first net-zero, solar-powered aquaculture facility in Serasa, which will use AI technology to cultivate blue shrimp.

FDI-backed Jets Sdn Bhd has launched what it bills as Southeast Asia's first net-zero, solar-powered aquaculture facility in Serasa, which will use AI technology to cultivate blue shrimp.

A homegrown aquaculture business that began in a family backyard during the COVID-19 pandemic is now producing more than 500 kilogrammes of fish per month, with aims to increase output and reduce the country's reliance on seafood imports. Fatih Aquaculture, founded in 2020 by Ahmad Fathi Dato Seri.

At Fatih Aquaculture, we've revolutionized fish farming with our solar-powered floating hatchery system. This innovative approach ensures energy efficiency, reduces environmental impact, and supports sustainable aquaculture practices. By harnessing renewable energy, we maintain optimal conditions.

Brunei's Ministry of Primary Resources and Tourism (MPRT) has officially launched the nation's first large-scale solar-powered shrimp farm, a landmark initiative announced at the recent Brunei Business Conference 2025. This pioneering project represents a significant leap forward for the country's.

FDI-backed Jets Sdn Bhd has launched what it bills as Southeast Asia's first net-zero, solar-powered aquaculture facility in Serasa, which will use AI technology to cultivate blue shrimp. The new facility features a 10,000 square-metre pond topped with solar panels and equipped with AI-driven.

BANDAR SERI BEGAWAN, July 7 (Xinhua)-- Brunei has recorded a major milestone with the launch of the first large-scale solar-powered shrimp aquaculture facility in the country on Monday near the Muara port town. Jets Sdn Bhd, a shrimp aquaculture company has inaugurated the first net-zero emission.

(MENAFN) Brunei has marked a groundbreaking achievement with the launch of its inaugural large-scale solar-powered shrimp aquaculture facility near Muara port on Monday. Jets Sdn Bhd, a leading shrimp farming company, officially opened
