

# Buenos Aires Power Station Energy Storage Policy Update

## Overview

---

How many MW of battery energy storage will be deployed in Buenos Aires?

The initiative aims to deploy 500 MW of battery energy storage systems (BESS) in the Greater Buenos Aires Area (GBA), but the submitted capacity has far exceeded expectations—reaching a combined 1,347 MW.

Does Argentina have a battery energy storage system?

Argentina has taken a major step toward modernizing its energy infrastructure with the launch of a 500 MW battery energy storage system (BESS) tender under the AlmaGBA program.

Does Argentina have a battery storage tender?

Argentina has opened a \$500 million battery storage tender aimed at adding 500 MW of new energy storage capacity in the Buenos Aires metropolitan area. The AlmaGBA program, managed by CMMESA, offers long-term contracts with fixed payments and financial guarantees to attract developers.

Is Argentina's \$540 million bet on battery storage a blueprint for grid resilience?

Argentina's \$540 Million Bet on Battery Storage: A Blueprint for Grid Resilience?

Over 667 megawatts of energy storage capacity are headed for the Buenos Aires Metropolitan Area (AMBA), representing an investment exceeding half a billion US dollars.
