

# China solar power to battery in Honduras

- ✓ 100KWH/215KWH
- ✓ LIQUID/AIR COOLING
- ✓ IP54/IP55
- ✓ BATTERY 6000 CYCLES

## Overview

---

The National Electric Power Company (ENEE) has selected a Chinese-Honduran consortium to design, supply, install, test, and commission a grid-connected battery energy storage system (BESS) at the Amaratoca substation in the department of Francisco Morazán.

The National Electric Power Company (ENEE) has selected a Chinese-Honduran consortium to design, supply, install, test, and commission a grid-connected battery energy storage system (BESS) at the Amaratoca substation in the department of Francisco Morazán.

According to the report by the media outlet El Mundo, the Honduran Minister of Energy, Erick Tejada, mentioned that the contract for the construction of a 75 MWh battery energy storage system, valued at \$50.2 million, was awarded to the Chinese-Honduran consortium Windey-Equinsa. According to the.

The National Electric Power Company (ENEE) has selected a Chinese-Honduran consortium to design, supply, install, test, and commission a grid-connected battery energy storage system (BESS) at the Amaratoca substation in the department of Francisco Morazán. Honduran state-owned utility ENEE has.

As Honduras works to overhaul its struggling power sector, the Central American nation has taken a bold step toward attracting global investment—particularly from China. In an effort to secure its long-term energy future, the government has unveiled plans for a \$1.5 billion public tender that will.

Honduras has awarded a US\$50.2 million contract for a 75 MW battery energy storage system to the Chinese-Honduran consortium Windey-Equinsa. This project, selected through an international tender with six proposals, will be the largest energy storage system in Central America once operational by.
