Overview

What is the ultimate off-grid container home?

The Hideaway: The Ultimate Off-Grid Container Home Designed For Freedom. Designed for the ultimate off-grid experience, this self-sufficient and durable shipping container home is your dream eco-friendly getaway. Featuring integrated solar power, rainwater collection, and a composting toilet, it empowers you to live independently and sustainably.

Can you build a container home off-grid?

Simply place this container home on your land, deploy the solar panels, and let nature do the rest. Your off-grid adventure awaits! This one-bedroom prefab 40-foot container home is designed for minimalist living and offers maximum functionality and efficiency.

Why should you choose a container home?

Here are some reasons why this container home should be your choice for a sustainable lifestyle: With our 40' Off Grid Container Home, you can live anywhere without the need for electricity from the grid. Our solar panels provide all the power you need to live a comfortable life.
