

# Containerized generator set manufacturing

## Overview

---

These manufacturers create comprehensive power systems that combine robust diesel or gas generators with advanced control systems, cooling mechanisms, and soundproofing features, all integrated into a mobile, weather-resistant container.

These manufacturers create comprehensive power systems that combine robust diesel or gas generators with advanced control systems, cooling mechanisms, and soundproofing features, all integrated into a mobile, weather-resistant container.

Our Tier 4 containerized generators are high-powered —500 kW to 1250 kW— units packaged in 30-foot or 48-foot ISO containers. The larger footprint of these units allows for more versatility from a manufacturing specification standpoint — we can easily equip your gen set with greater levels of sound.

Vantek specializes in manufacturing high-performance containerized diesel generator sets, engineered with modular and standardized designs to meet global benchmarks—including ISO8528, CSC certification, and ISO9001/14001/28001 management system standards. Our units feature fully enclosed container.

Jenbacher offers containerized generator sets based on our Type 2, 3, 4, and 6 gas engines. Leveraging the expertise acquired during several decades with more than 3,000 containerized units delivered, our genset containers offer optimal performance in various site conditions. By maintaining.

That is why earlier this month, Cummins Power Generation expanded the release of their fully integrated containerized generator sets Centum™ Force, to serve 50Hz markets around the world. Originally launched for limited markets in 2021, the 40-ft containerized generator sets were engineered for.

Welcome to BMarko Structures, the leading provider of custom generator enclosures and containerized solutions. As a trusted generator enclosure manufacturer, we specialize in delivering high-quality, innovative solutions for housing and protecting generator equipment, including switchgear.

Our UL listed stationary enclosures are custom designed & manufactured to your specifications. They are suitable for generators 500-4000 KW. Our team specializes in the manufacturing of mobile generator enclosures. Our units are essential for

the rental power industry and data center applications.
