

Energy Storage New Energy Ranking

Overview

While China dominates production (80% of global lithium-ion capacity), America's Inflation Reduction Act has turned Texas into the "Dubai of storage". Meanwhile, Europe's "local content" rules are creating a fascinating hybrid—think German engineering meets Chinese battery cells.

While China dominates production (80% of global lithium-ion capacity), America's Inflation Reduction Act has turned Texas into the "Dubai of storage". Meanwhile, Europe's "local content" rules are creating a fascinating hybrid—think German engineering meets Chinese battery cells.

Not to be outdone, BYD's Blade Battery technology has become the Swiss Army knife of storage solutions. Imagine a battery that survives nail penetration tests (yes, they literally drive nails through them) while maintaining 90% capacity after 3,000 cycles. That's BYD's party trick—and utilities.

Bloomberg New Energy Finance (BNEF) has released its Q1 2025 Tier 1 global energy storage manufacturer rankings, along with updated, more stringent selection criteria. Despite the higher standards, WHES has successfully retained its place on the BNEF Tier 1 list, reinforcing its strong presence in.

Including Tesla, GE and Enphase, this week's Top 10 runs through the leading energy storage companies around the world that are revolutionising the space. Whether it be energy that powers smartphones or even fuelling entire cities, energy storage solutions support infrastructure that acts as a.

Market Consolidation Accelerating: The renewable energy sector is experiencing significant consolidation, exemplified by Constellation Energy's \$26.6 billion acquisition of Calpine in early 2025, creating the largest clean energy provider in the United States. This trend indicates the industry is.

BEIJING, Dec. 12, 2025 /PRNewswire/ -- S&P Global Energy has recently released its latest 2025 Battery Energy Storage System (BESS) Integrator Report, once again ranking HyperStrong among the top three global BESS integrators in terms of newly installed capacity for 2024. This recognition.
