Overview

What is New York's first bulk energy storage request for proposals?

New York Gov. Kathy Hochul has launched New York's first bulk energy storage request for proposals (RFP), intended to procure 1 GW of bulk energy storage as part of New York's 6-GW energy storage roadmap. An energy storage project in Hubbardston, New York. (Credit: Greg M. Cooper/Borrego).

What is bulk energy storage & how can it help New York?

New York Secretary of State Walter Mosley said, "In looking ahead for the state's future, bulk energy storage can provide the ability to store excess electricity during times of lower usage or high renewable production and return that electricity to the grid during peak times when it's needed most.

What is the energy storage Grand Challenge?

The Energy Storage Grand Challenge includes funding opportunities from participating offices at the U.S. Department of Energy. Bipartisan Infrastructure Law Section 41006. Water Power Projects: Innovative Technologies to Enable Low Impact Hydropower and Pumped Storage Hydropower Growth Bipartisan Infrastructure Law Section 41006.

Are energy storage projects required to meet new fire safety codes?

Any NYSERDA-supported energy storage projects are contractually required to meet the new storage safety codes adopted last week into Uniform Code by the State Fire Prevention and Building Code Council, which reflect the work and recommendations from the New York State Inter-Agency Fire Safety Working Group (FSWG).
