Globaltenders.com offers an unmatched database of Solar tenders from Europe, more than any other platform. Daily, new procurement opportunities for Solar are uploaded from thousands of sources including all Europe official websites, Europe local websites, newspapers and journals.

Within competitive tendering there are different types of procurement procedures. The value of the contract, and for tenders below certain thresholds (lower value tenders), the place where the buyer is located dictates where the tender is published. For higher value tenders, public authorities are.

The reuse policy of European Commission documents is implemented by Commission Decision 2011/833/EU of 12 December 2011 on the reuse of Commission documents (OJ L 330, 14.12.2011, p. 39). Unless otherwise noted, the reuse of this document is authorised under a Creative Commons Attribution 4.0.
