

# European container roof wholesale

## Overview

---

What are shipping container roof kits?

Our shipping container roof kits offer a cost-effective and efficient solution for creating secure, weatherproof spaces. Designed to seamlessly integrate with standard shipping containers, these roofs provide a sturdy foundation for multiple applications. Our shipping container roofs prioritize safety, durability, and ease of deployment.

Are shipping container roof kits weatherproof?

Transform your shipping container into a complete, weatherproof structure with Trilar Industrial Solutions' premium shipping container roof kits. Designed for versatility and durability, these comprehensive kits provide everything you need to create a fully enclosed, secure building that stands up to the elements year-round.

What is a shipping container roof system?

You also have the option of having an inside-mount shipping container roof, meaning it covers only the space between the shipping containers rather than that space, as well as the tops of the shipping containers themselves. Shipping container roof systems are incredibly versatile, making them suitable for numerous industry applications.

How much does a shipping container roof cost?

The versatility and easy installation make them an excellent choice for both temporary and permanent storage solutions. The cost of a shipping container roof kit ranges from \$8-\$16 per square foot depending on dimensions, options and accessories included.
