We specialize in manufacturing of cutting-edge Busway solutions that provide exceptional power distribution for various commercial and industrial applications. Why Choose Busway?

Busway has emerged as a superior and cost-effective alternative to traditional cables. Its safety, ease of

We manufacture our busbars using high-grade copper, specifically C11000 (Electrolytic Tough Pitch) and C10200 (Oxygen-Free High Conductivity). With conductivity levels of 100% and 101% IACS, respectively, these materials are known for their outstanding electrical performance. Mechanically, they are

We have aided various prominent ARAMCO / SABIC projects and has a remarkable record for locating right supplies for significant projects. Urgent acquisition of resources from abroad is our major strength & core skill. We also keep a substantial stock to avoid lengthy lead times & potential project.
