

Gabon Solar Base Station 215KWh

Overview

The Ayémé Solar Power Station is a proposed 120 megawatts plant in Gabon. The power station is under development by Solen, an (IPP). The solar farm will be developed in two phases of 60 megawatts each. The energy generated at this power station is expected to be sold to the Energy and Water Company of Gabon (Société d'Énergie et d'Eau du Gabon) (SEEG), for distribution in , the capital city of the county and its surro.
