From Nassau to the Family Islands, we supply premium solar panels, inverters, and batteries to installers across New Providence, Grand Bahama, Abaco, Eleuthera, and beyond. Explore our comprehensive range of high-quality solar equipment for your renewable energy needs Founded in 2018 and.

Experience innovation and sustainability through our premium selection of solar panels, advanced inverters, and dependable battery systems, allowing you to harness the sun's energy efficiently while reducing your energy costs. Discover our range of high-performance solar panels designed for maximum.

Simply put, a grid-tie inverter converts direct current (DC) into alternating current (AC) suitable for injecting into an electrical power grid, normally 120 V RMS at 60 Hz or 240 V RMS at 50 Hz. Grid-tie inverters are used between local electrical power generators: solar panels, wind turbines.

Our THERMAL Solar Systems can reduce your HVAC/R Energy Loads by up to 40%. We offer an impressive collection of specialized technologies for all your solar and alternative energy needs. Our top-selling products range from high-end, project-specific items, to smaller residential applications. These.

We are driving the transition to reliable, affordable, renewable energy in The Bahamas, Caribbean. Offering expert guidance on renewable energy solutions, including feasibility studies, project planning, and sustainability assessments. Offering custom design and construction services for solar.

Reduce costs, increase property value, and build a sustainable future. Do You Have

A Project Bahamas Solar Can Help?

Going solar has never been easier. At Bahamas Solar we take care of your project from start to finish. Offering full turnkey systems for all residential and commercial operations.

High quality on solar container grid inverter in Bahamas
