

# How many solar container outdoor power merchants are there in Georgetown

## Overview

---

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank. Fully customizable to your exact needs.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank. Fully customizable to your exact needs.

Georgetown enjoys more than 230 sunny days per year and has an average solar irradiance of about 5.5 kWh/m<sup>2</sup>/day—higher than the national average. That abundant sunshine means solar panels can generate significant electricity year-round. In addition, Georgetown Utilities offer a net-metering style.

RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design.
