The Chinese company is a passive member of the group, but another solar company is demanding an explanation from SolarPower Europe. While it is better known as a telecom giant, Huawei is also a leader in manufacturing inverters, which turn solar panels' electricity into current that flows into the.

In a remarkable turn of events, SolarPower Europe, the leading trade body representing the European solar industry, reversed its earlier exclusion of Chinese tech giant Huawei from its membership. The reversal came after a months-long saga marked by an anti-corruption investigation and mounting.

SolarPower Europe (SPE) has dropped Huawei as a member amid an EU corruption investigation, as the European Commission moves to sever ties with trade groups representing the Chinese tech giant. The decision marks the first such removal by the Brussels-based solar lobby. SolarPower Europe has.

PVTIME – Chinese technology giant Huawei has been expelled from SolarPower Europe (SPE), a prominent Brussels-based renewable energy lobby group, marking the first such expulsion in the association's history. The decision follows an ongoing EU bribery investigation into the company. The SPE, which.

SolarPower Europe (SPE), a leading renewable energy advocacy group based in Brussels, has removed Chinese electronics giant Huawei from its membership, citing pressure from the European Commission amid an ongoing bribery investigation. The decision, made on April 28, 2025, marks the first time a.

The Modi government is accelerating efforts to decriminalise hundreds of minor

offenses across various laws, aiming to replace jail terms with higher fines. This initiative seeks to simplify legal processes for businesses and individuals, particularly in transport and metro railway sectors.
