

Hungary energy storage peak-shaving power station

Overview

Swiss-based energy company MET Group has officially inaugurated Hungary's largest standalone battery energy storage system (BESS) at its Dunamenti Power Station in Százhalombatta, located close to Budapest. The new facility boasts a total power output of 40 MW and a storage capacity.

Swiss-based energy company MET Group has officially inaugurated Hungary's largest standalone battery energy storage system (BESS) at its Dunamenti Power Station in Százhalombatta, located close to Budapest. The new facility boasts a total power output of 40 MW and a storage capacity.

MET Group has switched on Hungary's largest battery, a 40 MW/80 MWh system, at the site of a power station near Budapest. From ESS News Swiss-based energy company MET Group has officially inaugurated Hungary's largest standalone battery energy storage system (BESS) at its Dunamenti Power Station in.

MET Group has switched on Hungary's largest battery, a 40 MW/80 MWh system, at the site of a power station near Budapest. Swiss-based energy company MET Group has officially inaugurated Hungary's largest standalone battery energy storage system (BESS) at its Dunamenti Power Station in.

Hungary's largest operating standalone battery energy storage system (BESS) has been inaugurated on June 19. MET Group put into operation a battery electricity storage plant with total nominal power output of 40 MW and storage capacity of 80 MWh (2-hour cycle). It is the latest example in a series.

The Ministry of Energy aims to deploy 1GWh of energy storage systems by 2025 and strive to increase the proportion of renewable energy in the energy consumption structure from 21% to 29% by 2030. At the same time, global energy price fluctuations have had a profound impact on Hungary's electricity.

Hungary joins its neighbours in scaling up grid-scale battery storage, installing the country's largest BESS to date. The new facility supports a growing push to green Hungary's power grid. Met Group Hungary has just switched on its largest battery energy storage system (BESS) to date, stepping up.

MET Group, a Switzerland-based European energy company, has inaugurated

Hungary's largest standalone battery energy storage system (BESS) at the Dunamenti Power Station in Százhalombatta. The facility features a nominal power output of 40 MW and a storage capacity of 80 MWh, enabling a 2-hour.
