

# Is the Togo solar container outdoor power 12v150 easy to use

## Overview

---

It offers three ways to set up and use: the suction cup, bracket, and magnetic suction. This means you can stand it up for optimal sunlight like a solar panel or let it cling securely to the metal body of your RV.

It offers three ways to set up and use: the suction cup, bracket, and magnetic suction. This means you can stand it up for optimal sunlight like a solar panel or let it cling securely to the metal body of your RV.

With powerful charging capability, durability, and remarkable convenience features, this solar battery charger may just be the hero you need for your outdoor adventures. [Click Here to Check Price](#) The TogoPOWER 12V Solar Battery Charger is more than just another device to throw in your emergency.

☐ **COMPACT & TRAVEL-READY** ☐ Folds down to 19.3x20.9x1.1in and just 7.3lb—light enough to pack, carry, and set up solo. Perfect for RVs, vans, camping, or backup power. ☐ **LONG CABLE, COOLER & SAFER** ☐ 9.8ft (3m) cable lets you park the panel in full sun while your controller or power station stays.

Did you know only about 15% of outdoor battery containers actually protect your batteries well enough for harsh conditions?

Having tested many, I've found that a truly reliable container needs to be durable, water-resistant, and easy to secure. Believe me, after dropping a few batteries or battling.

Togopower power stations are our newest power supplies using lithium battery technology to keep your essentials charged. Equipped with AC outlets, DC ports, and USB ports, you can charge just about anything. Togopower power stations are ecofriendly and provide a simple solution for any back up.

Simply unfold the panel, connect the alligator clips to your battery, and it starts charging instantly. ☐ Just make sure to match the battery's polarity. Equipped with a 9.8ft (3m) cable so you can position your panel in direct sunlight while keeping your power station shaded and cool. ☐☐.

The Togo POWER 120 watt Portable Solar Panel is like a dependable friend for your

devices when you are far from wall outlets. Its foldable design makes travel easy, and it does not take up much space in your vehicles. This solar panel can help keep your phones and tablets charged, thanks to its USB.
