

# Jakarta 2025 key energy storage projects

## Overview

---

A key platform to link Indonesia's growing market with Chinese advanced storage energy will take place in Jakarta on 29 April 2025. aims to strengthen collaboration among key stakeholders, including governments and energy companies, to explore advancements in energy .

A key platform to link Indonesia's growing market with Chinese advanced storage energy will take place in Jakarta on 29 April 2025. aims to strengthen collaboration among key stakeholders, including governments and energy companies, to explore advancements in energy .

Imelda Tanoto, Managing Director at RGE (right) and Helle Kristoffersen, President Asia and Member of the Executive Committee at TotalEnergies (left) announced a Co-Investment Agreement between RGE and TotalEnergies in the presence of Indonesian President Prabowo Subianto and French President.

ed in Singapore, RGE is a global group of companies in the bio-based resources and energy sectors, serving over 100 markets worldwide. With more than US\$35 billion in assets and a workforce of 80,000 employees, our operations span across Indonesia, China, Brazil, Canada, Spain and Malaysia. As a.

Paris/Singapore, May 30th, 2025 – TotalEnergies and RGE, a group operating in the bio-based resources and energy sectors, are pleased to announce that Singapore's Energy Market Authority (EMA) has awarded their equally-owned joint venture Singa Renewables ("Singa") a conditional licence to import 1.

TotalEnergies and RGE said they have joined forces in a solar and battery project in Indonesia. The project has just been awarded a conditional license by Singapore's Energy Market Authority to import 1 GW of Clean Firm Power to Singapore. The project will also supply electricity to local industry.

The Energy Transition Summit Asia 2025, held in Jakarta from June 25–26, brought together over 500 key figures from government, finance, and clean tech. Delegates focused on how to accelerate Southeast Asia's energy transition through policy, capital flows, and technology. With Indonesia as host.

The EESA Summit Indonesia is part of the EESA Expo 2025 in China, focusing on

global integration in the energy storage industry. The fourth EESA Energy Storage Expo will take place in Shanghai in 2025 to promote industry growth and support carbon peak and neutrality goals. A key.
