

Japanese container curtain wall wholesale

Overview

What is a curtain wall system?

Curtain wall systems are non-structural systems for the external walls of buildings. As a global leader in curtain wall system manufacturing, Kawneer engineers a comprehensive range of curtain wall systems available in traditional stick fabrication and unitized options.

What is a unitized curtain wall system?

Unitized curtain wall systems, assembled and glazed in the shop environment, offer the advantage of faster installation, improved product quality and lower installation costs. Kawneer's curtain wall systems are engineered to meet the highest standards of performance, design and sustainability.

Who makes aluminum sashes & curtain walls?

In 1958, we started production and sales in the field of aluminum sashes, the first company in Japan to do so. Since then, we have participated in a number of large domestic and international projects as a pioneer of the integrated production of sash and curtain walls, and contributed to the creation of urban landscapes.

What is a stick-build curtain wall system?

Stick-build curtain wall systems are assembled and glazed in the field with inside or outside glazing options. Unitized curtain wall systems, assembled and glazed in the shop environment, offer the advantage of faster installation, improved product quality and lower installation costs.
