

Jordan s new solar panels

Overview

Jordan's cabinet, chaired by Prime Minister Jafar Hassan, approved a plan on Sunday to move forward with a project to install solar cell systems in 1,000 homes owned by people with disabilities or their families across the kingdom.

Jordan's cabinet, chaired by Prime Minister Jafar Hassan, approved a plan on Sunday to move forward with a project to install solar cell systems in 1,000 homes owned by people with disabilities or their families across the kingdom.

Jordan's renewable energy sector underwent significant transformation in 2024. The Ministry of Energy and Mineral Resources (MEMR) introduced the updated Renewable Energy and Energy Efficiency Law (12) of 2024, followed by Bylaw (58) of 2024. Effective September 2024, prosumers in Jordan can now.

The new government of Jordan has been described by analysts as progressive on clean energy. Public support for solar has already been widespread, with tariffs for home systems encouraging people to adopt low-cost energy. The Shams Ma'an solar power plant, in Ma'an, Jordan.
