The Kenya Electricity Generating Company PLC (KenGen) has taken a major step towards strengthening its digital infrastructure with the commissioning of a Battery Energy Storage System (BESS). This new system provides uninterrupted renewable energy to KenGen's modular data center and is part of the.

Kenya Electricity Generating Company (KenGen) is powering forward with its green energy ambitions, officially launching the prequalification process for a 42.5 MWac solar PV plant and a 3 MW / 4.5 MWh battery energy storage system (BESS) at its iconic Seven Forks hydro complex. Backed by financing.

The Kenya Electricity Generating Company PLC (KenGen), has commissioned a new Battery Energy Storage System (BESS) to supply uninterrupted renewable power to its modular data center. The newly installed 1.16 megawatt-hour BESS will serve the company's 52 kilowatt Modular Data Center (MDC) at its.
