

Kyiv Mobile Energy Storage Container 100kW

Overview

Does DTEK have energy storage facilities in Ukraine?

This was reported by DTEK's press service. The DTEK Group has connected six new energy storage facilities to the Ukrainian power grid, each with a capacity of 20 to 50 MW. The energy storage facilities were installed in the Kyiv and Dnipropetrovsk regions.

Will DTEK save Ukraine's power?

The DTEK project can store 400 MWh of electricity, which is enough to provide power to 600,000 Ukrainian homes for two hours. The investment will help reduce the risk of accidents and power outages, especially in the event of possible damage to maneuverable generation facilities due to shelling.

How many energy storage facilities does DTEK have?

DTEK has launched 200 MW of energy storage facilities in partnership with Fluence, a US-based global leader in energy storage. This was reported by DTEK's press service. The DTEK Group has connected six new energy storage facilities to the Ukrainian power grid, each with a capacity of 20 to 50 MW.
