Heavy duty, high capacity metal containers and bins. Choose from bulk containers, foldable wire bins, stackable steel boxes, self-dumping hoppers, and more. Toll-free support, online ordering, specs, assistance.

Steel King's Hold 'n Fold® industrial steel storage containers combine the cost savings of a collapsible (light duty) container with the durability of a rigid (heavy duty) container. Because these containers are stackable up to six high when loaded to capacity, you get the flexibility you need for.

Industrial storage widely used for castings, forged steel and scrap metal. Collapsible and stackable - Stacks up to 5 high. 4-way forklift access. No tool assembly. Spring-loaded latches provide easy setup and takedown. Solid, zinc-coated steel walls and floor. Two drop-down doors provide access to.

USA-made steel storage containers hold up to 4,000 lbs. each and are stackable to save you floor space. Ideal for bulk material or part storage in manufacturing and fabrication facilities. In stock and ships quickly; available in rigid rounded-corner, foldable, and dispensing designs with easy.

Solid steel bulk containers withstand the weight and potential damage from heavy loads. Their enclosed walls and base resist ingress and prevent items from falling out. They're stackable and commonly used in warehouses, manufacturing, and machine shops to store and transport heavy items like metal.

Steel bulk containers are big containers that are usually made with industrial grade steel which can handle extreme weight and maximum volume. Steel bulk containers are a heavy-duty storage solution that can help to maximize your storage density and increase your warehouse organization. We have a.
