

Lisbon battery storage box direct seller

Our Lifepo4 batteries can be connected in parallels and in series for larger capacity and voltage.

Overview

What are battery storage boxes for lithium-ion batteries?

Battery storage boxes for lithium-ion batteries. Ensure safe storage of your lithium-ion batteries with our specially designed RETRON containers. These protect your batteries from damage and minimize the risk of fire during charging, storage and transport.

What is a Li-ion battery box?

It is built to provide ballistic and thermal storage and transport solution specifically for Li-ion batteries. It can be used to isolate batteries that are damaged, defective or ready for recycling (DDR). The box outside shell is made from a welded 0.10 aluminum shell for strength with reduced weight.

How do I store my lithium-ion batteries?

Ensure safe storage of your lithium-ion batteries with our specially designed RETRON containers. These protect your batteries from damage and minimize the risk of fire during charging, storage and transport. The different sizes of containers made of hot-dip galvanized steel offer the right solution for every battery size.
