## [How To Build Your Own Off-Grid Solar System](#)

Equipment and Tools Needed For A Diy Solar System  
How to Design A Solar Power System  
Installing The System  
Final Thoughts  
Going solar does not mean you must hire a team and spend thousands. If you are installing a simple, small off-grid unit, you can do it yourself with a little math and some basic electrical knowledge. Alternatively, you can also choose a portable solar system, which uses a device that combines the battery, inverter, and other electronics into a single unit. See more on earth911 Sponsored
