CAMBRIDGE, Mass.-- (BUSINESS WIRE)--Malta Inc., a leader in long-duration energy storage, today announced that it has closed on a round of financing provided by a group of investors including Siemens Energy Ventures and Alfa Laval as well as existing shareholders Breakthrough Energy Ventures.

Alfa Laval is supplying technology and acting as an investor in a revolutionary new energy storage solution which could solve one of the biggest challenges facing renewable energy. The announcement late last year of a \$26 million, Series A funding round for new start-up Malta Inc. garnered plenty.

Malta is a long-duration energy storage company that builds grid-scale energy storage solutions to convert variable renewable energy into on-demand, around-the-clock, reliable power. While incubating at the moonshot factory, the team developed a new approach to long-duration energy storage—using.

The new capital will be used to accelerate deployment of Malta's storage systems globally. Malta's grid-scale, long-duration energy storage system helps governments, utilities, and grid . The cost of solar panels in Malta varies depending on the type of solar panel and its size. Generally, a.
