

Montenegro Large Energy Storage Cabinet Manufacturer

Overview

HLC Sheet Metal Factory - Montenegro Energy Storage Cabinet Sheet Metal Processing Manufacturers, Providing Energy Storage Cabinet Shell Processing, Energy Storage Cabinet Design, Energy Storage Cabinet Customization, Large Source Factory, Good Quality, Excellent Price, Fast Delivery.

Montenegro has taken a decisive step toward modernizing its power system with a €48 million investment in large-scale battery energy storage systems (BESS). State-owned utility Elektroprivreda Crne Gore (EPCG) has launched an international tender for two commercial and industrial energy storage.

The utility is procuring two grid-scale battery storage systems to the tune of EUR 48 million (\$55.9 million). EPCG, Montenegro's largest electricity provider, is investing in two four-hour battery energy storage systems (BESS) to strengthen grid resilience and balance supply and demand. Each.

This scenario sets the stage for a groundbreaking initiative by the state-owned utility, Elektroprivreda Crne Gore (EPCG), which is spearheading the deployment of advanced battery energy storage systems (BESS). These systems promise to revolutionize the stability and efficiency of the national.

EPCG, a utility and distribution network operator (DNO) in the Southeast European country of Montenegro, is looking to add 300MW of BESS to its grid. EPCG, the Electric Power Company of Montenegro, will launch a public tender for the procurement of 300MWh of battery energy storage system (BESS).

Each system will have a power output of 30 MW and a storage capacity of 120 MWh, designed for operation at an output voltage of 35 kV. The

batteries will be installed at ...

System Topology

- LiFePO₄
- Wide temp: -20°C to 55°C
- Easy to expand
- Floor mount&wall mount
- Intelligent BMS
- Cycle Life:≥6000
- Warranty :10 years
