

# Myanmar building solar air conditioning

## Overview

---

The military-led government in Myanmar has launched a solar power initiative to tackle the country's severe energy crisis. This effort comes amid persistent power shortages and rolling blackouts that have plagued the nation since the military coup in February 2021.

The military-led government in Myanmar has launched a solar power initiative to tackle the country's severe energy crisis. This effort comes amid persistent power shortages and rolling blackouts that have plagued the nation since the military coup in February 2021.

YANGON, May 5 (Xinhua) -- Zaw Min Htut, 53, lives in Dedaye, Ayeyarwady region in Myanmar. For the past seven months, his home has been fully powered by solar energy, from lighting to air-conditioning. He first learned about solar products a year ago and frequent power cuts finally pushed him to.

Radiant Rays Co., Ltd. is a leading energy engineering solutions provider, specializing in optimizing energy usage and advancing sustainability. Our comprehensive expertise encompasses cutting-edge technologies such as energy-efficient lighting, solar panels, and renewable energy systems. We take.

The Pact-implemented Smart Power Myanmar project works to accelerate electrification through catalyzing new sources of investment and knowledge to end energy poverty and promote economic opportunity in Myanmar. Smart Power Myanmar has been a leader in wide-scale use of on-grid and off-grid.
