

# Power breaker switch factory in Malaysia

- LiFePO<sub>4</sub>
- Wide temp: -20°C to 55°C
- Easy to expand
- Floor mount&wall mount
- Intelligent BMS
- Cycle Life:≥6000
- Warranty :10 years

## Overview

---

The company specialises in the design and manufacture of high quality Low Voltage Switchboards for steel mills, power stations, water treatment plants, co-generation plants, offshore oil platforms, onshore chemical plants, universities, hospitals, factories and general.

The company specialises in the design and manufacture of high quality Low Voltage Switchboards for steel mills, power stations, water treatment plants, co-generation plants, offshore oil platforms, onshore chemical plants, universities, hospitals, factories and general.

Established in 2001 in Malaysia, Mittric Sdn Bhd has fast gained reputation as one of the top supplier of low voltage electrical switchgear products to the M&E industry of Malaysia. We have been the sole agent for Mitsubishi Electric low voltage switchgear products since 2001 and has since made the.

TENAGA POWERTECH Switchgear Sdn Bhd A leading switchboard manufacturer & provider in supplying, designing, manufacturing, assembling & testing and site installation of Electrical Switchboard to meet your specific application, requirements and the installed environment. LV Switchboard (Type Tested).

TAMCO Switchgear is a leading manufacturer and distributor of high-quality switchgear products, offering electrical distribution and control solutions for medium and low voltage applications. With over 50 years of experience, the company is dedicated to excellence in switchgear solutions, ensuring.

As a switchgear manufacturers in Malaysia, we integrate the following components vacuum circuit breakers, contactors, switch disconnectors, fuses, current transformer, voltage transformer, molded case breakers, instruments, circuit breaker accessories, metering devices, bus bar system, control.

Over 50 years of experience as a major supplier of Malaysian's made Switchgears for utility companies. EPE is involved in manufacturing, engineering and project activities, providing a wide range of products and services to the generation, transmission and distribution sectors of the electrical.

That's why we specialize in designing, manufacturing, and delivering cutting-edge

switchgear solutions that empower industries to thrive. Recognizing the diversity of industries we serve, we specialize in providing customized switchgear solutions. Whether you're in manufacturing, utilities, or any.
