★★★★★

Verified Supplier

The advertisement features a stack of three white power storage units on the right, with the brand name 'WIND' visible on each. To the left, a light green vertical banner contains the text 'Lower cost larger system', two black buttons with '20Kwh' and '30Kwh' in white, and a row of five yellow stars. Above the units, the text 'Verified Supplier' is displayed in blue and black.

Overview

The Bulgarian city of Lovech, northeast of Sofia, hosts the strongest battery energy storage system (BESS) in the Balkans. The Ministry of Energy even said the new facility, with a capability of 124.1 MW and 496.4 MWh in capacity, is the biggest in the European Union.

The Bulgarian city of Lovech, northeast of Sofia, hosts the strongest battery energy storage system (BESS) in the Balkans. The Ministry of Energy even said the new facility, with a capability of 124.1 MW and 496.4 MWh in capacity, is the biggest in the European Union.

A BESS facility of 124.1 MW in operating power was inaugurated in Lovech in Bulgaria. Located next to a photovoltaic park within Balkan Industrial Park, it is part of the country's first closed licensed power distribution system. The Bulgarian city of Lovech, northeast of Sofia, hosts the strongest.

The manufacturing facility has launched with 3 GWh annual capacity, set to expand to 5 GWh by Q2 2026. International Power Supply (IPS) has officially opened its new battery energy storage system (BESS) manufacturing facility near Sofia, Bulgaria – a site recognized by the European Commission as a.

Production has begun at a battery energy storage system (BESS) factory designated as a project of strategic importance by the European Commission (EC) due to its use of local supply chains. An inauguration event was held earlier this month (10 October) for the factory, at Hemus High-Tech Industrial.

International Power Supply has inaugurated Factory X1 near Sofia, marking Bulgaria's first BESS gigafactory with an initial 3 GWh annual capacity, rising to 5 GWh. The plant will deliver 8.2 MWh X-BESS modules using over 70% European components. International Power Supply (IPS) has officially.

Bulgarian firm International Power Supply (IPS) has commenced construction of its second battery energy storage system (BESS) production facility in Sofia, Bulgaria, which will increase its annual BESS production capacity to 4,000 MWh. This initiative aims to meet the rising demand for turnkey.
