

Reykjavik Folding Container Automatic Type

Overview

The fully automated, horizontally folding container that combines up to 4 empty containers into one.

The fully automated, horizontally folding container that combines up to 4 empty containers into one.

COLLAPSECON is the next evolution of shipping containers – a fully automated collapsible container that will improve operational efficiencies, deliver economic savings and reduce environmental impact across the supply chain, all without requiring a fundamental change to the industry or global.

Stable and lightweight, the FK boxes ensure a volume reduction of up to 80 % when folded. This reduces fuel consumption and volume when returning empties. At the same time, thanks to the variety of sizes, you can find the right box for practically any type of transported goods. can be used anywhere.

Continest continues to revolutionize the industry with its foldable container solutions. The latest innovation in cargo transport: The CN Cargo 20' foldable cargo container premiered at the Intermodal Europe 2022 in Amsterdam. Along with the worldwide event, medical, defense, and humanitarian aid.

Plastic bulk carriers from ORBIS Europe offer a sustainable, durable, and economically viable solution for modern logistics processes. As reusable transport packaging, they are used in numerous industries, including the automotive industry and manufacturing. More and more companies are replacing.

Horizon's flagship model redefines automation and performance standards for combination folding machines in the B1 format. Equipped with six pockets and two knife folding stations, it features automatic settings adjustments and is available with either a pallet or a rotary pile feeder. Users can.

B Containers delivers the finest quality shipping containers in Reykjavik, ensuring durability, security, and value for diverse personal and commercial needs B Containers offers affordable pricing in Reykjavik, providing top-quality shipping containers without compromising on durability, security. What is continest's new foldable cargo container?

Continest continues to revolutionize the industry with its foldable container solutions. The latest innovation in cargo transport: The CN Cargo 20' foldable cargo container premiered at the Intermodal Europe 2022 in Amsterdam.

What is the weight capacity of Orbis FLC containers?

With a weight capacity of up to 900 kg, companies can transport more parts per bin and optimise space utilisation. Like most returnable plastic packaging, ORBIS FLC containers are 100% recyclable. At the end of a long service life, we offer to buy back obsolete containers and use the raw materials to produce new packaging products.

What are the different types of FLC containers?

Our range of FLC containers includes: European footprint 1200 x 800 mm, ISO-footprint 1200 x 1000 mm, XXL boxes with extended length, optimised for 40' overseas containers 1190 x 1135 mm. Foldable large containers are robust, durable, collapsible and stackable. What is the BulkPak® Family?

Are Orbis foldable large containers sustainable?

ORBIS foldable large containers offer sustainability – across the entire life cycle. That starts with the production of our FLCs: We use recycled materials during the manufacturing process which leads to a reduction of CO2 emissions. Due to their longevity and durability, our large collapsible containers are suitable for green logistics.
