

Slovenia solar Energy Storage Project

Overview

Slovenia's HSE signs a €100M deal for 80 MW of new solar power plants with integrated battery storage, advancing the nation's renewable energy goals for 2050.

Slovenia's HSE signs a €100M deal for 80 MW of new solar power plants with integrated battery storage, advancing the nation's renewable energy goals for 2050.

Slovenia's state-owned energy company, Holding Slovenske Elektrarne (HSE), has made a significant move to expand its renewable energy portfolio by signing contracts for 80 MW of new solar power plants. The deal, valued at an estimated 100 million euros, was signed with a consortium led by Czech.

Last Updated on December 17, 2025 by Author Jinko ESS, a global leading energy storage company and a subsidiary of Jinko Solar Co., Ltd. has further expanded its European presence with the signing of a 15MWh utility-scale energy storage project in Slovenia. The project will feature three of Jinko.

We innovate with solar photovoltaic plant design, engineering, supply and construction services, contributing to the diversification of the energy matrix in our. We provide operation and maintenance services (O&M) for solar photovoltaic plants. These services are provided by a team of world-class.
