

Solar power with grid backup in Brunei

Overview

Brunei is advancing its renewable energy goals with a new 30 MW solar power plant. Discover the key projects and impacts of this major shift to solar in Brunei.

Brunei is advancing its renewable energy goals with a new 30 MW solar power plant. Discover the key projects and impacts of this major shift to solar in Brunei.

The BSP Solar Plant PV Expansion project, with its contribution to the national power grid, brings Brunei another step closer to its target of achieving at least 30 per cent of renewables in total installed power capacity by 2035, said Yang Berhormat Dato Seri Setia Dr Haji Mohd Amin Liew Abdullah.

Brunei's largest solar photovoltaic power plant (SPVPP) with a 30-megawatt (MW) capacity in Kg Belimbing is slated to launch by the end of 2026, following a groundbreaking ceremony on August 11. Located on a remediated landfill site spanning 32.29 hectares, the plant will generate 64,440.

Brunei receives moderate to high solar radiation throughout the year, with consistent sun exposure even during wet seasons. This level of irradiation is ideal for rooftop solar, solar lighting, and small to mid-scale solar power systems. If you need to learn more solar power potential in Brunei.

KUALA LUMPUR (June 16): Solarvest Holdings Bhd (KL: SLVEST) has, via a joint venture (JV) company, secured a 25-year power purchase agreement (PPA) with the government of Brunei to invest in, build, and operate a 30MWac solar photovoltaic power plant, which will be the largest such plant in Brunei.

A joint venture partly owned by a subsidiary of Malaysia's Solarvest will build Brunei's first utility-scale solar plant under a 25-year power purchase agreement (PPA) with the Brunei government. A 30 MW solar park is under development in Brunei. Seri Suria Power (B) Sdn. Bhd., a newly formed joint.

Solarvest is partnering with local players to build what will be Brunei's largest solar power plant on completion. (Photo Credit: Solarvest Holdings Berhad) Malaysia-headquartered clean energy infrastructure company Solarvest Holdings Berhad has announced a contract to build a 30 MW AC solar power.
