Are you looking for high-quality solar batteries in Sri Lanka?

Look no further than SAKO, Rosen, and Growatt. These reputable brands are known for their durability, performance and long lifespan, making them ideal for use in solar power systems. We offer a wide range of SAKO, Rosen, and Growatt.

These are the same batteries used for other applications, and could be based on lead-acid, lithium-ion, etc. However, only some select types of batteries (deep discharge/cycle) within the available range are optimal for solar power plants owing to the specific aspects of solar power generation and.

Ensure uninterrupted power with our cutting-edge solar battery storage systems, designed for both residential and commercial properties in Sri Lanka. Our solutions use the latest energy storage technology, offering reliable backup power during outages. By reducing your reliance on the grid, our.
