

# Tashkent hybrid energy 5g base station bidding

## Overview

---

How many 5G base stations has Uztelecom commissioned?

Under that project, Uztelecom says it has modernized and commissioned over 3,500 base stations to date. The telco launched a 5G trial in April 2023 in the capital city of Tashkent that utilised over 60 5G base stations.

Why did Uztelecom launch 5G?

Uztelecom said the 5G launch is part of the telco's "Season of Renewal" project to modernize its mobile network that began in March 2022. Under that project, Uztelecom says it has modernized and commissioned over 3,500 base stations to date.

Will perfectum launch 5G in Tashkent?

Perfectum said at the time it was aiming to commercially launch 5G SA in Q4 this year in Tashkent, after which it will roll out the service to the rest of the country within the next two years. Since then, there have been indications that the launch may be delayed to early next year as Perfectum looks to rope global giant Vodafone into its plans.

Does Uzbek Telecom have a 5G network?

State-owned telco Uzbektelecom, which operates as Uztelecom, announced on Thursday that it has launched its non-standalone (NSA) 5G network in all regional centres of Uzbekistan, and has teased plans to move ahead with 5G-Advanced technology soon.
