

Tool Battery Box Installation

Overview

Hey guys, Kevin here with etrailer, and today, I'm gonna be showing you how to install the Deka Vented Battery Box here on our enclosed work trailer.

Hey guys, Kevin here with etrailer, and today, I'm gonna be showing you how to install the Deka Vented Battery Box here on our enclosed work trailer.

In this video we install a 2.31 Harbor Freight Trailer Tongue box on the tongue of our Grand Design Imagine XLS 22MLE. We are going to use this box as a lockable battery box along with extra storage, unless we decide to add another battery. The box from Harbor Freight is around 11. more In this.

I have an industrial grade 35" Rubbermaid tool chest that I want to use as a lockable box for my battery plus a few tools in it. It will be mounted on the tongue. It is big enough for adding more batteries also if I choose to do so. My electrical question is how do I track down the battery cables.

Yes, the TorkLift PowerArmor Locking Battery Box # TLA7708R can easily be mounted to the tongue of your trailer using some self-tapping screws. If the existing holes in the bottom of the box line up with the tongue you can use them or just use the self-tappers to cut through the box and into the.

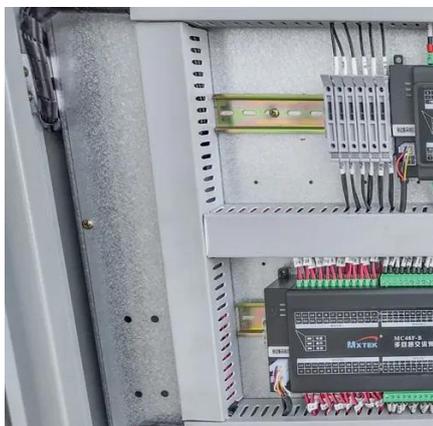

Review Figure 1 and specifications below to verify fit of the box to the truck. The In-Frame Tool Box is designed for 27" to 28.5" wide frame openings. The mounting clamps are compatible 5/16" or 3/8" thick frames. Verify that there is clearance between the box and the driveshaft. Also confirm that.

The Thetford Battery Box is intended to accommodate an auxiliary battery in a caravan or motorhome (RV). The Battery Box has a CE socket to connect the RV to a 230 V power supply. Inside the Battery Box there is the option to fit several sockets and outlets. Panel thickness : The door can be fitted.
