

Vientiane Solar System Manufacturer

Overview

Together with the team and green energy experts from Asian Productivity Organization, they visited the Ministry of Energy and Mines of Laos, and built Laos' first floating solar system with TSB, the developer of the Vientiane solar power plant.

Together with the team and green energy experts from Asian Productivity Organization, they visited the Ministry of Energy and Mines of Laos, and built Laos' first floating solar system with TSB, the developer of the Vientiane solar power plant.

Engaged in the research and development, production, and sales of high-efficiency solar cells.

Suniverse, a high-tech enterprise established in Vientiane, Laos, specializes in PV Ingot, PV wafers, and clean energy solutions. Automation rate of 95% , 5G networking rate of 90%, and continuous iteration of MES, ERP, and other digital intelligence systems. Suniverse, a high-tech enterprise.

The module factory established by LS Solar in the Saysettha Development Zone in Vientiane, Laos, holds significant importance. It represents a key step in the Southeast Asian market and reflects LS Solar's confidence and commitment to developing the renewable energy industry. With its advantageous.
