NYCIDA closed its largest battery energy storage project to date, the East River Energy Storage Project, located on an industrial site on the East River in Astoria, Queens. When built, the facility will be able to hold up to 100 megawatts (MW) and power over tens of thousands of households. Once.

Catalyze expands its New York footprint, launching its first BESS project in the state Houston, TX - August 8, 2024 - Catalyze, a fully integrated developer and Independent Power Producer (IPP) of distributed renewable energy assets, today announced the launch of its first standalone Battery Energy.

What are the completed energy storage projects

Top 7 Battery Energy Storage System (BESS) Projects in the ...

Discover the largest battery storage projects in the U.S. for 2025, including Darden, Bellefield, and Swiftsure.

CS Energy and Calibrant Energy Complete Three Battery Storage Projects

CS Energy has successfully designed and installed over 2 GW of solar and 650 MWh of energy storage projects across the United States.

Storage Data Maps

View data on all the projects approved by NYSEERDA's Retail and Bulk Energy Storage incentive programs. Data includes completed projects as well as projects that have been approved for ...

[Energy Storage News , Today's latest by Renewables Now](#)

Latest news on energy storage projects, BESS, capacity expansion, and regulatory updates across Europe, US & Canada, Latin America, and Asia

Pacific. Discover how energy ...

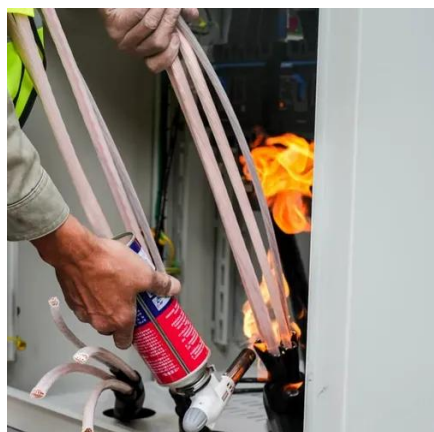

Big city, big battery: Elevate Renewables announces largest ...

Elevate Renewables has completed contracting to construct a battery storage facility to store power during non-peak hours and discharge power during peak demand ...

[CS Energy and Calibrant Energy Complete Three Battery ...](#)

CS Energy has successfully designed and installed over 2 GW of solar and 650 MWh of energy storage projects across the United States.

Support of Major Battery Energy Storage Project in New York City

NYCIDA closed its largest battery energy storage project to date, the East River Energy Storage Project, located on an industrial site on the East River in Astoria, Queens. ...

[NineDot Energy Launches Community-scale Bronx Battery ...](#)

"We are excited to formally cut the ribbon on our 'Gunther' Bronx battery energy storage site," said David Arfin, NineDot Energy CEO and Co-founder. "Building battery storage sites in a dense ...

NYCEDC Advances Green Economy Action Plan with Support of ...

NYCIDA closed its largest battery energy storage project to date, the East River Energy Storage Project, located on an industrial site on the East River in Astoria, Queens. ...

New York launches 42.5MW of BESS with like-for-like gas replacer

The New York City Economic Development Corporation (NYCEDC) and NYCIDA announced the five BESS projects yesterday (23 April), which will be built by developer ...

Catalyze Launches First Standalone Battery Energy Storage ...

This project aligns with New York's goal of installing six gigawatts of energy storage by 2030, and New York City's objective of reducing GHG emissions by over 80% by 2050. ...
