EcoDirect designs and supplies solar + battery projects in Micronesia. Our team has the tools and experience to get your next project designed and delivered.

Founded in 2008, EcoDirect is a value added distributor that can help Marshallese homeowners, businesses and commercial projects in Majuro, Kwajalein, Jaluit and throughout Marshall Islands with project design, supply, logistics and technical support. In 2023, the Pacific Community (SPC) team, in.

Solar distributors assist solar manufacturing companies by storing, handling and shipping their solar products to their buyers. On the other hand, they help solar contractor companies in outsourcing high-quality solar products. These solar distributors are the ones who deal with homeowners who want.

Lithium batteries offer 3-5 times the energy density of lead-acid batteries. This means more energy storage in a smaller, lighter package—perfect for integrated or pole-mounted solar streetlights. [pdf] Solar 24V inverters perform a variety of tasks for your system: 1. convert DC from panels to AC.

A mobile solar power container is a self-contained energy system that integrates solar panels, battery storage, inverters, and other electrical compon. Mobile solar power containers have become a transformative solution for delivering portable, reliable, and sustainable energy to remote sites.

Will Pohnpei get a 5 MW solar power farm?

PEPP's proposed \$20 million 5 MW solar power farm for Pohnpei would help to establish the Federated States of Micronesia as a world trendsetter in the application of renewable energy. It would give the FSM greater energy independence. How much does a solar.

Our job is to help get you water, not sell you something that isn't a good fit for you or your well. It's why thousands of American farms & ranches trust RPS. Rather a Friendly Voice?

Our famous support team is here to help. It's a QUICK 10 minute phone call!
COMPLETE SET UP! RPS supplies the.
