

Which company is the best for double-glass solar curtain wall in Liechtenstein

Overview

What is a photovoltaic curtain wall?

Building Integrated Photovoltaics At Onyx Solar we provide tailor-made photovoltaic glass in terms of size, shape, transparency, and color for any curtain wall design. Photovoltaic curtain walls transform any building into a self-sufficient energy infrastructure and enhance the building's architectural design.

Does Photovoltaic Glass fit in a curtain wall?

No, the BIPV photovoltaic glass structurally does not differ from other types of conventional glazing. Therefore, it is integrated into the building envelope (curtain wall, façade, or skylight) like any construction material. What solar control and comfort advantages does photovoltaic glass offer in a curtain wall?

Are solar innovations ® curtain wall frames custom built?

All Solar Innovations ® curtain wall frames are custom built to meet the exact dimensions of your opening. Solar Innovations ® offers eight standard frame finish colors and unfinished aluminum; custom finish options are available at an additional cost.

Why should you choose Onyx Solar photovoltaic curtain wall?

Thanks to Onyx Solar Photovoltaic Curtain Wall, buildings become a real power plant, keeping their design appeal, aesthetics, efficiency and functionality. They are more cost-effective than systems constructed with conventional glass. Reduce your monthly electricity costs by producing your own energy. REACH OUT NOW TO SEE HOW!
