Solarfold allows you to generate electricity where it's needed, and where it pays to do so. The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The lightweight.

Think about it: a shipping container rolls off a truck, is placed on a vacant patch of ground, and within two hours flat, deploys into a complete solar power station. No scaffolding necessary. No crane. No diesel fuel. Just clean, off-grid electricity—ready to use. Sounds like something out of.

Weatherproof storage containers are wind and watertight; resistant to snow, ice and fire; and can maintain structural integrity in challenging conditions. In this article, we'll break down different severe weather conditions and how they affect steel storage containers. Click on the following links.

Rent or buy a 40' Elite container with a restroom, secure, versatile space. Expand storage and office space without relocating with our containers. Durable, secure storage solutions meet the needs of extreme environments. Expand storage capacity without relocating using our modular solutions.
